# AFJAL ALAM

Bettiah, Bihar
+91 9708909382 afjal2021alam@gmail.com LinkedIn GitHub

## EDUCATION

**Jagannath University, Jaipur** **2023 – Present**
*Bachelor of Technology in Computer Science and Engineering* *Jaipur, Rajasthan*

**R.L.S.Y College, Bettiah** **2020 – 2022**
*Intermediate (BSEB) - **73.6%*** *Bettiah, Bihar*

**Kamal Prasad H.S Inarwa Bazar, West Champaran** **2018 – 2020**
*Matriculation (BSEB) - **78.6%*** *Bettiah, Bihar*

## COURSEWORK / SKILLS

- Python
- MySQL
- PostgreSQL
- OOPs
- Power BI
- Excel
- Data Cleaning
- Data Analysis

## PROJECTS

**Customer Shopping Behavior Analysis** **MAR 2026**
– Engineered an end-to-end ETL pipeline using Python (Pandas) to clean retail data and automate ingestion into PostgreSQL.
– Analyzed purchasing trends via advanced SQL (CTEs, Window Functions) to extract insights and answer critical business questions.
– Built an interactive Power BI dashboard to visualize metrics, uncovering a 73% non-subscriber gap to drive targeted marketing.

**Telecom Customer Churn Analysis** **MAR 2026**
– Modeled and cleaned raw telecom data using Excel & Power Query for accurate lifecycle tracking.
– Analyzed churn drivers using SQL & DAX, focusing on core metrics like Churn Rate and Tenure.
– Designed a Power BI dashboard highlighting high-risk month-to-month contracts to drive targeted retention strategies.

**Credit Card Financial Dashboard** **APR 2026**
– Developed an interactive dashboard using transaction and customer data from a SQL database to provide real-time insights.
– Streamlined data processing & analysis to monitor key performance metrics and trends.
– Shared actionable insights with stakeholders based on dashboard findings to support decision-making processes.

## INTERNSHIP EXPERIENCE

**Apex Planet Pvt Ltd** **DEC 2025 – FEB 2026**
*Intern: Data Analytics* *Remote*

– Executed data manipulation and generated summary reports based on real-world business scenarios.
– Created insightful business metrics and recommendations to support data-driven decision-making.

**Cisco Networking Academy** **JUL 2024 – AUG 2025**
*Intern: Python & Cybersecurity* *Remote*

– Developed strong foundational knowledge in Python programming, automation logic, and data privacy.
– Gained hands-on understanding of network security and ethical handling of sensitive information.

## TECHNICAL SKILLS

**Languages:** Python (Pandas, Matplotlib), Java(basic), SQL
**Developer Tools:** VS Code, Anaconda-Jupyter Notebook, Pycharm
**Technologies/Frameworks:** Git, GitHub, Advanced MS Excel, Power BI

## ACHIEVEMENTS & CERTIFICATIONS

• All India Rank 1: Essay/Article Writing, National Panchayati Raj Day (2025)
• Team Leader: Smart India Hackathon 2025 (Developed an innovative gov-tech solution)
• Python for Data Science – Udemy
• PCAP: Programming Essentials in Python & Introduction to Cybersecurity - Cisco Networking Academy
